Prepared by: Wendy Jackson, Legislative Editor  
 Legislative Reference Bureau

This listing is compiled from the enrolled bills and joint resolutions passed by the Legislature. The Legislative Reference Bureau makes a reasonable effort to provide a complete and accurate listing, but assumes no responsibility or liability for possible errors or omissions.

The first table is intended to record **whole-numbered** statute sections affected by 2005 Wisconsin Acts in regular and special sessions. Some whole-numbered statute sections, though last printed in the statutes of 1919, continue in force today.

The second table shows, in the ascending order of the **decimal-numbered** statute sections affected by 2005 Wisconsin Acts, the changes enacted by the 2005 Legislature in its regular and special sessions. In addition, this table contains references to decimal-numbered statute sections affected in prior legislative sessions which have delayed effective dates beginning after January 1, 2005, and decimal-numbered statute sections affected by Supreme Court Orders effective beginning on January 1, 2005.

Changes in nonstatutory **session laws** resulting from 2005 enactments are shown separately following the table of statute section numbers. A final table shows the **constitutional amendments** approved by the 2005 Legislature on *first consideration* for review by the 2003 Legislature, constitutional amendments approved by the 2005 Legislature on *2nd consideration* for submission to the electorate, and statewide *referendum questions* for submission beginning with the 2005 spring election.

Numerical Listing of  
**SECTIONS**  
 AFFECTED BY **XXXXXXX**  
**XXXXXXX**  
**2005 WISCONSIN LEGISLATURE**  
 Legislative Reference Bureau

4831/P2

This listing is compiled from the enrolled bills and joint resolutions passed by the Legislature. The Legislative Reference Bureau makes a reasonable effort to provide a complete and accurate listing, but assumes no responsibility or liability for possible errors or omissions.

The first table is intended to record **whole-numbered** statute sections affected by 2001 Wisconsin Acts in regular and special sessions. Some whole-numbered statute sections, though last printed in the statutes of 1919, continue in force today.

The second table shows, in the ascending order of the **decimal-numbered** statute sections affected by 2001 Wisconsin Acts, the changes enacted by the 2001 Legislature in its regular and special sessions. In addition, this table contains references to decimal-numbered statute sections affected in prior legislative sessions which have delayed effective dates beginning after January 1, 2001, and decimal-numbered statute sections affected by Supreme Court Orders effective beginning on January 1, 2001.

Changes in nonstatutory **session laws** resulting from 2001 enactments are shown separately following the table of statute section numbers. A final table shows the **constitutional amendments** approved by the 2001 Legislature on **first consideration** for review by the 2003 Legislature, constitutional amendments approved by the 2001 Legislature on **2nd consideration** for submission to the electorate, and statewide **referendum questions** for submission beginning with the 2001 spring election.

You void the Act 387 treatments of 55.06 except the creation of 55.06 (3) (d) in your reconciliation bill and I don't see that anything else was done with 55.06 (3) (d). I would take the position that the repeal and recreation of 55.06 in the reconciliation bill repeals all of the Act 387 treatments of 55.06, but is that what was intended?

I am working through Acts 387 and 388, with your reconciliation bill in hand. A very nice piece of work I must say.

However I came on something that puzzles me. Act 387 Section 162 repeals 55.043 (9), but there is no 55.043 (9). Since the reconciliation bill doesn't do anything about it that I can find, I am wondering if I'm missing something or if, since it repeals something that doesn't exist, it can be ignored.

The reconciliation bill does not address differences in the Act 264 and Act 387 versions of 55.14 (2), (3) (c) 1., (3) (e). Should it? And if so, can it be amended to do so?
